Mr De Angelis, Headteacher

I am delighted to welcome you to Bolder Academy, a school where we pride ourselves on nurturing brave, kind, and strong individuals.

As the new Headteacher, I am honoured to continue the legacy of excellence that has been built at Bolder Academy and am committed to building on the high academic standards and personal achievement that have been established in the school's startup phase. I am eager and prepared to lead us to even greater heights through the next phase of our journey.

Choosing a new school for your child is a huge decision, and we understand the many factors that must be considered. At Bolder Academy, we aim to ensure that each student feels like a vital part of our vibrant community. We achieve this by fostering relationships built on mutual trust and open communication with students and their families. You can be confident that your child will join a supportive community within a nurturing environment, where they feel valued, respected, and encouraged to pursue their aspirations.

We are ambitious for our students and believe that education goes beyond academic excellence.

While we strive for the highest standards in learning and achievement, we equally value the development of character and personal growth. Our school provides exceptional opportunities for students to build the strength and confidence needed for success.

Our curriculum is both challenging and enriched by the strong relationships we have forged with the community and local businesses. Throughout their time with us, your son or daughter will engage with prestigious universities, businesses, and organisations, gaining unique experiences that broaden their horizons and open their eyes to the world around them.

As you explore our prospectus, I hope you gain a sense of the vibrant and dynamic community that defines Bolder Academy. This is an incredibly exciting time as we continue to grow and make remarkable academic progress. Join us and together we will strive for a better, brighter, bolder future for our students.
