

Being Bold in the Community

Well done to all the students and families who contributed food to the Ivybridge foodbank. We donated all this to those who most need it in our community.

Parents and Carers Evening

We had a really successful parents evening on 22nd Nov. Almost all our parents came and it was a great opportunity for them to have some time to meet the tutors. Thank you to all the parents for the very supportive comments in the survey.

Inter-house Music Competition

We had a number of amazing performances during the inter-house singing competition. All of the students took part in this. We were also treated to brilliant solo acts playing the Spanish guitar, piano and violin. 7C won – much to Miss Jones' delight!

Bolder reaches the Semis in the National Youth Mathematics Award

Our students have managed to get through to the semi-finals and we are delighted with this. We wish them all the best for the first week of December.

Parent Association

We would love our parents and carers to get more involved in the Academy and would like a Parent Association to be set up.

If there are any volunteers please email office@boldercademy.co.uk by 7th Dec 2018.

Literacy Volunteering Underway

A big thank you to Sky who are sending 15 volunteers every week to give some one-to-one support to some of our students.

The scheme runs for 7 weeks and in January we kick off a similar programme for numeracy.

We're expanding our Library

Thanks to Sky's support we've raised over £150,000. The first thing is getting our Accelerated Reader programme up and running and to expand the number of books in our library.

A trip to Tile Barn

We have a fantastic activity trip booked in July for our year 7s to visit Tile Barn the outdoor centre in Hampshire. We can't wait!

Volunteers wanted

We're on the look out for any budding volunteer artists. we would like to create life size statues or sculptures of the people who we named our houses after. Ideally we would like volunteers who could support this activity to work with students on

Monday 3.15pm – 4.15pm or
Thursday 3.15pm – 4.15pm.

If parents/carers have any ideas

please let us know
office@bolderacademy.co.uk

Sky Coding Course Complete

All 150 young people have now gone through the year 7 coding course delivered by Sky. It was a great success. Ask the children about the mazes they made!

Our New building

Intense and weekly meetings are well underway with the architects, contractors and DfE. The meetings are looking at the internal spaces and deciding on furniture and layouts...all very exciting.

A Cross Country Star!

Well done to Shareen Baccar for qualifying for Middlesex Cross Country Competition.
